Objective

To find a job that utilizes my web development skills and allows for upward mobility.

Technical Skills

PHP, CSS, mySQL, JavaScript, HTML

Experience

Development Intern   01.2018 - present

Deep Dive Coding, Albuquerque, NM

I am a full stack web developer experienced in PHP, CSS, JavaScript, mySQL, and HTML

ABQ Street Art - Deep Dive Coding Capstone Project

While working as an intern at Deep Dive Coding I worked with a team to create an interactive web application that allows users to search and locate murals, sculptures and other public art in Downtown Albuquerque.

ABQ Street Art's database was developed with mySQL, the front end was created using a combination of HTML5, CSS3, Bootstrap, JavaScript, and jQuery. The backend was built using PHP7. The AngularJS framework added functionality to the project. Geolocation capabilities were integrated using the Google Maps API.

Financial Aid Counselor   08.2016 - 01.2018

St. John's College, Santa Fe, NM

After my promotion I counseled both prospective students and their parents about federal, state, and institutional financial aid, as well as their personal financial situations.. I also took on additional duties overseeing the work study program and initiated several year-round projects. These additional duties included but were not limited to reconciling work study information, and training employees from another campus on how to better manage the work study program.

Financial Aid Administrative Assistant   08.2010 - 08.2016

St. John's College, Santa Fe, NM

My duties included managing the college-wide work study program, supervising and training students working in the financial aid office, editing and sending all financial aid awards, running and manipulating reports, holding annual counseling sessions with students in order to prevent loan default, and managing, disbursing, and reconciling the Perkins, institutional, and alternative loan programs.

Education

Bachelor of Arts in Liberal Arts   08.2010 - 05.2014

St. John's College, Santa Fe, NM

Graduated with a GPA of 3.592

If this program were to be analyzed by credits into majors and minors it would yield two majors, one in History of Mathematics and Science and the other in Philosophy as well as minors in Classical Studies and Comparative Literature.
